

"THE RESERVE OF MONTE NERO"

An Excursion in the fantastic area of the Montenero Nature Reserve, rich in historical and landscape features, to discover the local flora and fauna. We will walk around the ring around Monte Nero, visiting the remains of the ancient parish church of San Giovanni Battista alla Nera (XI century) and the ancient Castello della Nera (X century), the subject of ancient disputes. We will deepen the naturalistic aspects, admiring the panorama from the imposing and wild Devil's Tooth and discovering the suggestive volcanic rocks, deeply engraved and shaped by the Strolla stream, so as to create a narrow valley characterized by rugged cliffs and picturesque waterfalls.
